The original www.wingmakers.com published in 1998 is the most highly classified information on the planet:

My name is Chris Maher and I am a starseed from the WingMakers, the Cosmic Central Race, the most powerful species in the time-space universes. My primary reason for presenting information online is to connect the most advanced souls on the planet to the WingMakers so that they may activate their 7th sense and transform into their Sovereign Integral. They may do this by studying the WingMakers time capsules on the original www.wingmakers.com saved on the Internet Archive Wayback Machine on January 25th, 1999. I would advise printing and organizing the information.

My secondary reason for presenting information online is to expose the labyrinth group as the head of the cabal on this planet and the corteum as the most powerful negative alien species in the time-space universes. The labyrinth group hijacked www.wingmakers.com around early 2001 to try to stop their own exposure.

In order to properly understand the story of the WingMakers it is important to read through the entire original website. I would advise against believing anything on the current www.wingmakers.com or any post-2000 Wayback Machine saves of the website because it is disinformation. The labyrinth group has been behind the website since they hijacked it and they have the most advanced AI-coordinated information warfare on the planet.

The main revelation I wish to bring forward is that the alien race that Dr. Anderson discloses is prophesied to take over the world is the corteum themselves. He was unable to directly state this to Anne

because it would have implicated him as being complicit in trying to take over the world with the corteum. However Dr. Anderson did disclose all the evidence if you are able to interpret his defection and information properly from the original website.

The key lies in comparing these two quotes:

"This unfettered access to ACIO intelligence provided the corteum leaders with insight into the structure of world government, where the power centers were, who the real leaders were, and how critical decisions were made for the world's people. According to Dr. Anderson, the **corteum** are benevolent and had no ulterior motives to take over the earth and rule in dictatorship. In fact, they were much more interested in establishing diplomatic ties to the various world governments through the **United Nations** at the appropriate time, which was considered to be shortly after the **year 2011**. The existence of the corteum was kept from the NSA and even most ACIO personnel were unaware of their existence (though I don't know how this was accomplished)."

—Anne's Journal Findings

"The messages or prophecies that they made had several consistent strands or themes that were to occur in the early part of the 21st century, around the **year 2011**. Chief among these was the infiltration of the major governments of the world, including the **United Nations**, by an **alien race**. This alien race was a predator race with extremely sophisticated technologies that enabled them to integrate with the human species. That is to say, they could pose as humanoids, but they were truly a blend of human and android. This alien race was prophesied to establish a world government and rule as its executive power. It was to be the ultimate challenge to humankind's collective intelligence and survival."

—Interview 1 (Dr. Anderson)

Dr. Anderson deliberately mentions both the **year 2011** and the **United Nations** so that the evidence that the **corteum** is this **alien race** can be deduced.

The labyrinth group is a black project originating from the NSA who usurped the Jesuit Order as the head of the cabal in 1958 simply by selling out to the corteum. They have infiltrated the Jesuit Order in the same way the Jesuit Order has infiltrated the Illuminati and other cabal societies:

The corteum's plan to take over the world in 2011 and finally in 2018 was stopped by the WingMakers. The WingMakers initiated Dr. Anderson's defection and the publishing of the original www.wingmakers.com. This was a devastating information leak for the labyrinth group, and it thwarted their plans for world domination.

Since the last time capsule was discovered in 2023, it is now time for the WingMakers to initiate the rest of the time capsules into the public domain. The WingMakers stated in their introduction that the time capsules will be fully disclosed into the mainstream of the world's citizens through the Internet, and it will happen because the WingMakers possess the 7th sense.

It is important to know that the WingMakers are not the labyrinth group in the future, but rather the WingMakers are the most advanced lightworker-starseeds on this planet. As the WingMakers state at the end of the Chamber 2 Philosophy, they will only lead the worthy to the 7th sense.

It is also important to know that the 7th sense is more precise than BST.

Technically, BST (Blank Slate Technology) is a misnomer. The labyrinth group are unable to "blank slate" anything because the WingMakers guard reality with the 7th sense.

The 7th sense is precise, interactive space-time travel as a culmination of human psychic ability. Precision is the determining variable as to how powerful interactive space-time travel is. BST is an attempt to synthetically replicate the 7th sense through technology, and it is fundamentally inferior to the 7th sense.

The WingMakers intentionally had the labyrinth group translate their time capsules to inextricably tie the darkest organization in the time-space universes into exposure. It is a seeding of the Highest Light in the lowest darkness. They also intentionally had the labyrinth group discover the time capsules *precisely* before the labyrinth group created BST.

The entire challenge of this is for the most advanced souls on the planet to traverse the disinformation of the corteum and connect to the WingMakers through the time capsule information.

This is the meaning of the Chamber 6 painting. The labyrinth group serve as objective translators (sun, Light = information) of the time capsules so that entities may connect to the WingMakers. The labyrinth group also serve as disinformers (devil) to be traversed so that the entity may transform the genetic mind and human instrument.

The cabal hierarchy will collapse like in the ending of the 1988 film *They Live* because they have centralized all of their technology to a vulnerable and inferior apex through corteum TTP. The Sovereign Integral Network global culture is the inevitable future of this planet where only the most advanced souls who are Sovereign Integrals will lead.
